I began the Soft Cylinder series in 1986, combining the glass pick-up drawing technique from the earlier Cylinders with the softer, sagging forms of the Baskets and Seaforms, and the bright, contrasting colours of the Macchia.

David Chisley

'You can more directly sense my energy in my Drawings than in any other work, perhaps.
And from the very beginning, the Drawings were done, as my glass is done, very quickly, very fast'

Dale Chihuly
